FROM: Corporal Sherwood H. Dickie
King County Airport Fire Prevention

SUBJECT: Fuel Spill on 01-24-99

See attached report on a fuel spill on 01-24-99—involving one of your drivers—Ben Hawks. According to the report—Mr Hawks said the deadman switch and auto cut-off on truck #6 do not work. Please respond to this and whether they have been repaired—or there are other causes for the spill. You can reach me via phone at 205 0978 between 0730 and 1530. However, I would also request that you provide a written report on this spill. Thank you

Corporal Sherwood H. Dickie
